Today's Quotation

It is one thing to show a man that he is in error, and another to put him in possession of truth.

— John Locke

You read in yesterday's edition of this newspaper the case of Bob Hill, Fort Smith shirt manufacturer, who charges the federal Department of Labor with "extortion" in the handling of military goods contracts.

A Washington dispatch reported that Hill appealed to Senators John L. McClellan and J. W. Fulbright for help because the federal department, after fixing an arbitrary wage schedule on the Arkansas manufacturer, insisted that he speed up delivery of shirts for fighting men in Korea without any increase in cost to the government. Hill told the senators he agreed to do so, for patriotic reasons — but it meant a loss of \$1,661.19 on the contract.

The Arkansas senators announced they would demand an explanation from the Department of Labor.

And they used the Hill case to point up their additional demand for faster action on Senator Fulbright's proposed amendment to the Walsh-Healey Act. Yesterday's Associated Press dispatch was of particular importance to me because it explained the terms of that act — and thereby explained why many manufacturers dealing with the government are running into increasing financial trouble.

As you read yesterday, the Walsh-Healey Act sets up a federal wage and regulation authority entirely separate from the better-known federal wage-and-hour law, the Walsh-Healey Act. "Requires holders of government contracts to agree to pay wages set by the Department of Labor and to regulate working conditions as the department directs."

You ought to read the above paragraph a second time.

What it means is that some terms slipped a bill through Congress giving the Department of Labor virtually unlimited authority over wages and working conditions. That is, the politicians rig the deal in Washington, the taxpayers foot the bill — and even then, many of the Walsh-Healey manufacturers caught in this web of politics are losing money.

It was a neat political trick, of course, roping in this mighty authority for the bureaucrats up in Washington — and obviously it had the blessing of "national defense."

The real import of the Walsh-Healey Act, however, was that it gave authority to national politicians to steer government contracts where they want to. For instance, they can place government orders in politically-doubtful areas and win allies by not being too tough on the factories; and when orders do happen to go into sections they don't care about they can make the terms so hard the factory owner won't want any more. I gather that Mr. Hill of Fort Smith has already had enough.

This is the second example of the federal tax-spenders' interference with private business in Arkansas.

We already have the case of the Reynolds Metals company project at Arkadelphia, where a great aluminum venture is threatened because the Federal Power Commission is sticking its nose into a contract between the metal manufacturer and the Arkansas Power & Light Co.

These are pointed warnings against the danger of federalization — for in any clash with populous Northern industrial districts which might want the same projects we are after Arkansas would find itself instantly outvoted.

McClellan and Fulbright will do their level best — but if they aren't able to get justice in these cases the people might reflect that it was their own error which got them into this federalization mess to begin with.

## Bell Asks New Telephone Rate Hike in State

### Would Increase Monthly Bills 25 to 50 Cents

Little Rock, April 22 (AP) — Southern Bell Telephone Company again is asking for an Arkansas rate increase. The new rate schedule is about \$377,000 above the 4.6 million dollar raise requested in 1950.

The schedule was filed with the Arkansas Public Service Commission yesterday. It would increase the company's annual revenue by some 1.9 million dollars above the more than 3.1 million increase granted recently.

The rates will go into effect May 21 unless the PSC orders a hearing, which it is expected to do.

At present, Bell is billing its customers on the basis of a 4.6 million dollar increase requested in 1950. The Arkansas Supreme Court in February granted only a 3.1 million dollar increase, and ordered that the company refund all rates collected in excess of this amount since 1950.

Warren E. Bray, SWB's general manager for Arkansas, said yesterday that the new rate rise will "not affect or delay the refund due most of our customers."

However, the new rate increase would increase monthly bills for flat-rate telephone 25 to 50 cents a month. Measured and other miscellaneous services also would be increased, but long distance rates would not be changed.

Bray said the new rates would restore the company's earnings lost through increasing costs since the period covered by the last rate raise.

He said intrastate earnings have dropped to less than 4 per cent. The proposed increases, which average about 4 per cent, would raise Bell's earnings to the customary 6 per cent, said Bray.

## Porker Fans Hear About '52 Prospects

Hope football fans, some 100, heard members of the University of Arkansas sports department discuss this year's prospects at a Booster Club dinner at Hotel Barlow last night.

In a short business session the local club elected Owen Nix, president, Leo Robins, vice-president and Teddy Jones, treasurer.

Principal speakers were Athletic Director John Barnhill who promised he was doing everything in his power to make radio broadcasts available to Hope, Mr. Barnhill outlined the overall program at the University and told the fans not to expect a victory every Saturday.

Just remember the Razorbacks are in a league that plays the best football in America and if we get beat it will be at the hands of the nation's top teams, he said.

It is the plan at the University to be a top contender every year, he emphasized.

Head coach Otis Douglas and backfield coach Tommy Thompson outlined the prospects for the coming season and told the group that the Porkers would be stronger this year than in the past two years — "because we have good leaders, a quarterback, are in better shape and have depth."

The dinner was in honor of three local players on the Porker team. However, Tommy Britt was unable to attend. Edil Nix and Co-Captain Buddy Sutton were present and the latter in a short talk told the group about the player's side of the picture. He said the spirit was better than ever and that every man on the team wanted to win.

Allen Berry was master of ceremonies. Also speaking briefly were C. Cook, outgoing Booster Club president and Leo Robins, vice-president.

Delegations from Lewisville and Texarkana were on hand, the latter group including Coach Bobby Ellen and Clint Otwell, star player on last season's Texarkana team.

A film of the Texas A&M and Arkansas game was shown.

## Schafer Shows Draw Crowd Despite Weather

The Schafer Shows, currently playing at Fair park under the auspices of the Third District Livestock Association, has many new Midway attractions that stamp it as one of the best shows of its type ever to play in this section.

The show opened last night at the local Park and will continue through Saturday night. Despite the weather a fairly large crowd attended the opening. The show grounds are covered with sawdust, eliminating mud and unless it actually raining is in good shape.

Wednesday is "Kid's Night," and Hope Star carrier boys will be guests of the show.

## Tornadoes Keep 3 States Jittery

The destruction laden tornadoes roamed southwestern skies yesterday, plunging to earth momentarily, and keeping the residents of Texas, Oklahoma and Kansas in a state of jitter.

One death was attributed directly to the storms. Mrs. Horace Jones, 38-year-old Altus, Okla., supply company clerk, was killed when her auto went out of control in a blinding rain on U. S. 283.

Her employer said the woman had been nervous all afternoon. He said she was a young girl when a tornado struck and wiped out the town of Blair June 16, 1928.

Mrs. Jones was driving home to Blair, near Altus, alarmed by a tornado warning. She said she was going to look after her property. A Texas tornado ripped the roofs off two brick buildings in the tiny community of Emhouse in Navarro County.

Charles Shelbourne said the twisting winds killed 800 young turkeys he had just purchased.

Black, threatening tornado funnels were sighted at Blackwell and Enid in northern Oklahoma and at five separate places near Altus in southern Oklahoma.

Other tornadoes threatened McGregor, Tex., 18 miles southwest of Waco, but missed the heart of town and struck farm areas instead. Three farm homes and numerous outbuildings were destroyed.

Early this morning, the weather bureau reported the tornado danger was about over. It said local storms could be expected in Oklahoma, Kansas and Texas with some hail today, but the major threat was passed.

Altus school children were dismissed early because of the storms. Heavy rains in Oklahoma during the storm period closed U. S. Highway 62 west of Hollis. The moisture for the 24-hour period was among the heaviest of the year in Oklahoma.

## Morrilton, Camden Voters to Polls

By The Associated Press

Morrilton and Camden voters were holding special elections today Tuesday.

A mayor to serve until next Jan. 1 was being chosen at Morrilton. He will succeed Sam R. McKinley, who resigned to take a job with the State Highway Department.

Charles L. Bridwell and Municipal Judge James S. Moore are candidates.

Voting at Camden was on a proposal to issue \$650,000 in sewer improvement bonds.

## El Dorado Teachers to Get Pay Hikes

El Dorado, April 22 (AP) — El Dorado public school teachers will get a raise next term.

The School Board has voted increases for the 1952-53 school year ranging from 10 per cent for teachers without a degree up to 20 per cent for those with a master's degree.

## 100 Masons Are Getting Degrees

## Give Up Your Illusion, Reds Are Told

Munsan, Korea, April 22 (AP) — In a sharp 16-minute truce session an Allied spokesman told Communist negotiators today: "Your attitude clearly indicates you have not come to these conferences to negotiate an armistice."

Col. Don O. Darrow made the statement after North Korean Col. Chang Chun told him to "give up your illusions" about banning Red airfield reconstruction during a Korean armistice.

Darrow said the Communists appeared more concerned with the U. N. Command's attitude "than with solving problems."

No problems were solved in the session dealing with means of supervising a truce.

The fate of armistice talks appeared to hang on another group of staff officers debating methods of exchanging prisoners of war. The officers met in executive session for an hour and 40 minutes.

An Allied spokesman said they were "still exploring" possible solutions.

Both groups met again at 11 a. m. Wednesday (9 p. m. EST, Tuesday).

In the prisoner session the Allies handed the Reds a list of six new prisoner camps in South Korea. They are in addition to camps on rocky Koje Island, scene of two bloody riots in recent months.

A U. N. spokesman said some prisoners already have been transferred from Koje, which houses 150,000 POWs and 30,000 civilian internees.

The Army said it expected the move would ease "crowded conditions encouraging intrigue and disorder" and would lead to "improvement of discipline and control of unruly Communist agitators among the prisoners."

## There Is Danger in Being an Independent — Lack of First Aid in an Emergency Is Likely

By HAL BOYLE

New York, April 22 (AP) — It looked like the political man-of-the-year in 1952 was going to be the independent voter.

Now I'm not so sure. I think the tide may be turning against him.

There is a strong possibility the independent voter has already passed the peak of his popularity.

At the start of the indoor campaign training season experts figured there might be as many as 25 million independent voters this year, and that they would hold the balance of power in the presidential election.

This immediately made the independent voter the Clark Gable of politics. He was pictured as a high-minded, thoughtful figure who stood above the clamor of partisanship and weighed every issue carefully.

What happened? Well, naturally 99.4 per cent of all living Americans decided they were independent voters. The temptation to stand aloof on the heights, wooed by all factions, was irresistible.

Each man could dream of the following situation: On election day the nation is divided 50,567,843 and as Mr. Jones steps up to ballot the rival statesmen say:

"Mr. Jones, the fate of our country rests on your vote. Whom do you choose?"

"I am an independent voter," says Jones proudly. "On the grounds of patriotism rather than party I cast my ballot for..."

And the nation breaks out in cheers. Jones has made history.

The trouble with this pretty dream was that everybody was trying to get into the act. If you had decided to be an independent voter,

## Pike County Youths Save Father's Life

Nashville, April 22 (AP) — Olen Mauldin feels especially close to a couple of his eight children. "They saved my life," he says.

Mauldin, 45, was chopping wood in an isolated section of Pike County last week. The axe slipped and bit deeply into his right foot, nearly severing it.

Loss of blood and shock caused Mauldin to black out.

His sons, Charles, 12, and Ermin Wade, 10, were nearby.

"When I came to," Mauldin relates, "they were putting on the tourniquets, shouting and praying to the Lord. They are sure splendid boys—they saved my life."

## Jury Rules State Due Road Refund

Little Rock, April 22 (AP) — That \$2,962 in the Indian Bay Road affair will go to the state treasury under a decision of a Federal Circuit Court jury last night.

The jury said that was where it belongs. The jurors deliberated 35 minutes following a day-long trial of the first civil court action growing out of the Highway Audit Commission investigation.

The money was collected by a group of Monroe County residents, whose spokesman said it was intended to aid in financing improvement of the Indian Bay Road in Monroe County.

The State Highway Department improved the road in 1950 after Monroe County had been unable to do so.

The money wound up in the campaign fund of Gov. McMath, who Continued on Page Two

## Army to Be Tough on Baulky Fliers

San Antonio, April 22 (AP) — Reluctant reservists had the word today that there would be no softening of attitude toward refusals to fly.

The information came from General Hoyt Vandenberg, Air Force chief of staff, in a statement that minced no words.

"There is one idea I would like to knock in the head," Vandenberg said. "That is the notion that the USAF is in any way proposing to adopt a soft attitude on this question of refusal to fly."

"The Air Force is a fighting organization," he said.

Meanwhile, high level Air Force conferences continued in Washington, and charges for refusal to fly were dropped against two reserve officers at Randolph Air Force Base.

Maj. Gen. J. K. Lacey commanding general of the crew training air force, said charges were dropped against 1st Lt. James G. Bristol, 35, pilot, from Harlan, Ia., and 1st Lt. Edwin L. Cox, 35, bombardier from St. Louis, Mo.

The charges were dropped following pre-trial investigations and a 3-hour talk between Lacey and Vandenberg yesterday.

Vandenberg, due to arrive in Washington today, was expected to join in conferences with Secretary of the Air Force Finletter and about 36 Air Force training officers from across the country.

The Air Force chief of staff, commenting on the baulky fliers' cases, declared: "All this business about Air Force regulars, the Air National Guard, the voluntary and involuntary air reservists who have been recalled," thus served to magnify some of the loathsomeness of flying combat duty."

## Welfare Funds Bolstered

Little Rock, April 22 (AP) — Transfers totaling \$227,000 have been made to the miscellaneous grants and aids account of the State Welfare Department.

The transfers were from other accounts in the Welfare Department.

They were authorized yesterday by the comptroller's and auditor's office.

Last week the auditor held up 76 Welfare Department checks drawn on the grants and aids account because an \$8,807 overdraft would have been incurred if they had been permitted to clear.

## Cool Weather, Rain Strike Two Areas

By The Associated Press

Rain and cooler weather hit areas in the Central and Western United States today but it was mild and pleasant over most of the Eastern part of the country.

Showers and thunderstorms were reported early today from Lakes Superior and Huron southward through the Mississippi Valley to Texas. There were heavy falls in some parts of Iowa, Missouri and Arkansas.

Rain also fell in Western Kansas, Colorado and Southern Wyoming, heavy rain and hail pelted areas last night from Southern Kansas to Northern Texas.

## Senators Split on Steel Vote

Washington, April 22 (AP) — Arkansas' two senators split in the vote on allocating government funds to finance enforcement of President Truman's seizure of the steel industry.

Senator McClellan voted with the majority in denying the government funds. Fulbright voted against banning the operational reserves.

### Negro Youths Strip Bicycles, Turned Over to Parents

Two Negro youths, ages 13 and 14, were arrested by the Hope Police Department yesterday for stripping a bicycle at Allen's service station at Hazel and Third and taking a wheel from a residence in Bett's addition.

At the station the boys stripped a bicycle of wheel and chain and stole another wheel at Duckett's Salvage yard. They were released to the custody of their parents.

## Fate of Guards Brings Fight Among Convicts

By The Associated Press

At the Southern Michigan Prison in Jackson, the mutineers have staged a bloody battle among themselves in their cell block. The fight broke out after the angry prisoners had a dispute over what to do with the 11 prison guards they are holding as hostages.

Two of the prisoners were stabbed and beaten badly in the melee which ended when the two were tossed out of the cell block by other convicts.

Jackson, Mich., April 22 (AP) — Grim-faced and fearful, authorities waited today for 179 tough convicts in Southern Michigan Prison to decide the fate of 11 guards they hold as hostages.

Hundreds of other convicts who roiled in this—the world's largest—prison were back under control, one of their number killed by police gunfire and nine wounded.

State troopers counted four injured in their ranks. Convict-set fires and wrecking during the wild rioting did damage estimated up to two million dollars.

The mutinying convicts were holed up with their hostages in cell block No. 15, a disciplinary block where they were sent for violating prison rules. Last word from them during the night was a renewal of their threat to cut off a guard's head if any prisoner were hurt.

While there were radios in the building, broadcasting stations in the area apparently were complying with a request from State Police Commissioner Donald S. Leon and to keep word of the one prison or death off the air.

At midnight the mutineers had not heard of it, so far as authorities could tell. Warden Julian N. Frisbie said he talked by telephone with one of the mutiny leaders then and was informed, "The guards are being treated well."

Frisbie said, "The situation looks better."

## Southern Sons to Play Thursday Night

The Southern Sons, who were scheduled to appear at Yerger High School Monday night, April 21, will appear instead, Thursday night April 24, at 8 o'clock. This program is sponsored by the Yerger Band Mothers' Club.

Ticket purchasers are asked to hold them and come out Thursday night.

The Southern Sons will appear on "Blues and Boogie," Thursday afternoon at 3:30.

## Dr. Caldwell to Address Graduates

Fayetteville, April 22 (AP) — The University of Arkansas' new president, Dr. John Tyler Caldwell, will deliver the spring commencement address June 7.

Acting President Joe Covington said it would be the first campus address by Dr. Caldwell, former president of Alabama College for women who will assume his Arkansas duties about July 1.

## Conway Mayor Orders Curfew

Conway, April 22 (AP) — Mayor Edgar B. Parker has ordered enforcement of an 11 p. m. curfew law for all persons under 18.

The City Department was notified against banning the operational reserves.

## Resolution Is Submitted to the House

Washington, April 22 (UP) — Rep. Robert Hale (R-Me.) introduced in the House today a resolution to start impeachment proceedings against President Truman for his seizure of the steel mills.

Should the resolution be approved by the House, the Judiciary Committee would investigate "whether the said Harry S. Truman has been guilty of any high crime or misdemeanor."

The committee would report its findings to the house with "such resolution of impeachment or other recommendation as it deems proper."

Should the house then approve the impeachment, Mr. Truman would be tried before the Senate with House members serving as prosecutors.

Should two-thirds of the Senate find the President guilty, he would be removed from office.

Along with it, Hale introduced a resolution which would declare the opinion of the House to be that the President violated the constitution and that the stool plants should be returned to private operation.

The impeachment resolution followed the standard form for such procedure. It was referred to the Judiciary Committee, where no action was expected, at least for the time being.

It directs the committee to investigate the seizure and report to the House, "together with such resolution of impeachment or other recommendation as it deems proper."

Washington, April 22 (AP) — Government and industry men were called into separate Senate committee sessions today as the Senate scheduled a vote on a new move to bar President Truman from making his seizure of the steel mills stick.

By a roll call vote of 44 to 31, the Senate late yesterday aimed a slap at Truman's seizure order.

# Families Promised Some Relief

By SAM DAWSON  
New York, April 21 (AP)—Families fighting the battle of the budget are being promised further savings in food and clothing.

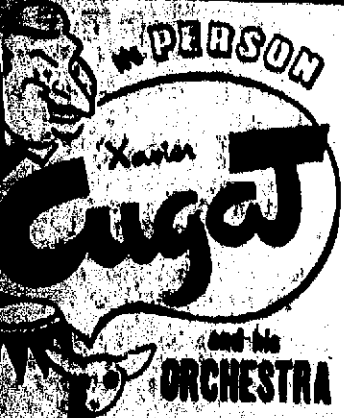

Most of the most spring lines are now from fast fall and the new season's fall now being announced show even further cuts. The following are the new woolen, pre-Korean levels, and the new post-Korean levels. The new post-Korean levels are being set for the fall and spring, reflecting the new fall between the mill and the wool. But suit makers warn that the new suit will cost more than the old suit from following wool prices. The way back to pre-Korean wool prices.

# Two Arkansans Die in Wreck

Bixie, Mo., April 22 (AP)—An automobile, carrying four Arkansans, collided with a truck on Highway 66 near here last night, killing two persons.  
Missouri Highway Patrol Sgt. E. F. Dampf said Layman Cash, 27, owner of an auto sales company at Nettleton, Ark., was killed in the wreck and Franklin Smith, 19, of Jonesboro, died enroute to a St. Louis hospital.  
Betty Jett, 19, of Nettleton, was critically injured and Donna Sue Martin, 19, received minor injuries. Both are in a hospital here. Dampf said the two truck drivers were being held here without charge pending investigation.

# Dikes Holding as Missouri Moves Down

Kansas City, April 22 (AP)—New rain, some of it heavy, sharpened the task of flood fighters along the raging Missouri River today.  
Major dikes held at critical spots. And the experts cling to their prediction that Kansas City, Kan., and Kansas City, Mo., would be safe. As the muddy sea broadened in the lowlands, Missouri Gov. Forest P. Tamm proclaimed a flood emergency and asked President Truman to lift emergency federal aid funds to his home state.  
Along the upper Mississippi, another record flood boiled seaward. At LaCrosse, Wis., weatherman A. D. Sanial said, "The worst of it is over now." A little rain fell there but not enough to effect the river. At Lansing, Ia., in the extreme Northeastern corner of the state, the peak is set for 18.1 a record, but 7 foot lower than predicted.

The focus of the rainfall later was at Kansas City, where prolonged downpours turned the Kaw River into a monster last July. It flooded the rich industrial bottomlands as it raged into the Missouri here.  
This time, Army Engineers say the levees have been rebuilt to withstand a flood of 40 feet. The expected crest was 20 feet but heavy general rain would force that upward.  
U. S. Correll, Weather Bureau river forecaster, said one-inch rains were possible in a wide area around the flood zone. That might send the river at Kansas City up to 31 feet.  
More showers were forecast for tomorrow and if they, too, should average an inch, the crest might reach 33 to 34 feet by Friday.  
Upstream at Leavenworth, Kan., a small army of men toiled through the night at beleaguered Sherman Air Force Field. But the imperilled dikes continued to hold.  
During the night, life-jacketed officers from the Army's Command and General Staff School at Ft. Leavenworth did patrol duty atop the slippery dike.  
They worked in pairs. They were told to fire their signal pistols and run for their lives if they spotted a major break.  
The \$ 12-million-dollar field slopes downward about seven feet to the mile from the north to the south edge. If the north dike—taking the full force of the Missouri's tremendous weight—gave way, the field would be a boiling churning cauldron.  
The Missouri reached its predicted crest of 28.4 feet at St. Jo.

# West to Stay With U. S. in Refusing Reds

Washington, April 21 (AP)—Officials predicted today that Britain, France and Western Germany will stand firm with the United States in rejecting Russia's "golden apple" move to wreck the unification of Western Europe.

The governments of the four countries are now working on a reply to the latest Soviet proposal for making peace with Germany in a manner which Secretary of State Acheson said would prevent the integration of the German nation into "the free community of Europe."  
The reply is expected to make clear their determination to proceed on their present course of unification until shown that Acheson called "tangible evidence" of a change in the Soviet's basic policy toward the rest of the world.  
Acheson said the American position on the Russian proposals for Germany and on recent Kremlin offers to engage in expanded trade with Western nations in a speech Saturday to the American Society of Newspaper Editors, meeting here.

It was in this address that he described recent Soviet "peace" moves as a "golden apple" tactics. He reminded his audience of a story in Greek mythology in which the Goddess of Discord threw a golden apple into the midst of a party to stir up trouble among the guests and break up the gathering.  
Referring to the Russian proposals on Germany and trade and to various other Kremlin maneuvers, Acheson said that "several apples have been tossed over the Iron Curtain this spring." But, he said they have not resulted in discord.

On the German issue, currently the great diplomatic problem, Acheson said three things are outstanding.  
1. The Soviet Union has never been willing to relax "in any respect whatever" its control over Eastern Germany.  
2. The Soviet government is "banding every effort to infiltrate into Western Germany."  
3. The Soviets have insisted that "every major exercise of power by an all-German government should be subject to a Soviet veto."  
He said that in Russian proposals to form an all-German government through elections, there is no evidence the Russians "wish to have a Germany any less under their control."

# White-Clad Cavalrymen Puzzle U. N.

Seoul, Korea, April 22 (AP)—A report of white-clad Chinese Communist cavalrymen on the Central Korean Front puzzled U. S. Eighth Army officers today.  
Front line units said they spotted 200 riders in white moving toward Kumang Monday afternoon. They said heavy artillery ripped the column to pieces.  
Two other white-clad bands of 50 and 60 men were reported sighted in the area.  
"We can't attach any significance to the report at this time," said an Eighth Army staff officer. "Intelligence officers are studying the details. All we have now are fragmentary reports."  
He said the white uniforms possibly could be explained by the probability of snow in the mountainous northeast of Korea.  
Communist cavalrymen were last reported on the front shortly after the entry of Red China into the war in autumn of 1950.

The Western and Central Fronts were generally quiet. There was a flurry of Red probing and patrol action in the mountainous East.  
U. S. Navy headquarters in Tokyo said 5 U. S. ships have been sunk by mines and 46 U. S. and 11 British Commonwealth warships have been damaged in the Korean War.  
The Navy said all the damaged British ships and 42 of the U. S. vessels were hit by Red shore batteries. Five U. S. ships were damaged by mines and one by an aerial bomb.  
The Navy said also that Red shore batteries lately have been firing with increased accuracy and greater range, and have shelled American warships nearly 10 miles at sea.  
Navy authorities said this almost certainly means the Reds are using well-aid radar-directed heavy guns.  
Four Russian-made MIG15 jets ventured from Manchuria to North Korea at dawn Tuesday. The Fifth Air Force said Capt. Jere J. Lewis of Marine Corps, shot down one and the three others scurried home.

As the flood powered on downstream, Army Engineers estimated 385,000 acres of land were inundated from Rulo in Southeastern Nebraska to the mouth near St. Charles, Mo., above St. Louis.  
An estimated 13,000 persons had fled their homes in that stretch. Several small communities built in the river bottoms were flooded or being evacuated.  
At Wentz, Kan., near Kansas City, the town of 400 gave up a three-day fight late yesterday when seawater through the dike got out of control. One man there swam to safety. The last head of the flood was seen last night.

was seeking re-nomination at the time.  
Atty. Gen. Ike Murry, himself now a candidate for governor, filed suit to recover the money for the state.  
Defendants were Henry Woods, McMath's executive secretary and highway commissioner Charles Adams of Hughes.  
Woods testified he didn't know anything about the matter until the Audit Commission's disclosure.  
Adams testified he collected the money along with some campaign contributions and thought it, too, was included as a contribution. He paid an equivalent sum into the treasury of the court, and it was this money that the jury awarded to the state.

Adams and others present and former highway commissioners testified they recalled nothing being said about money when a Monroe County delegation asked the Highway Commission to improve the road in March, 1950.  
They emphasized that the improvement was not contingent on any citizens' contributions. Attorneys for Woods and Adams said they hadn't decided whether to appeal.

# Finds Way to Take Water Out of Beer

London, April 22 (AP)—A couple of British scientists have found a way to squeeze most of the water out of beer. The Brewers' Society of Great Britain announced today.  
Experimentally, they have concentrated beer practically, they say, to the ends of the earth all that's left in beer—the hops, the tan, the zip, the alcoholic kick and even the foam—without the water which is the bulk of the part.

"Why haul water around when there is a lot of it everywhere?" the scientists asked. They said they about eight years ago when the problem arose of supplying British soldiers in the Far East.

So Dr. Reginald Essery, scientist in the Institute of Brewing Research near London, and R. G. Gane of Cambridge University, set to work.

"It seems that they have hit on something, but research is by no means complete," said C. L. Shaw, an official of the Brewers' Society. The method, devised after long trials, is to freeze ordinary beer until about three-fourths its volume is ice. Then the ice is removed. The alcohol doesn't freeze and most of the other constituents of beer are concentrated in the liquid.

# Bigwigs Agree Budget Can Be Balanced

Washington, April 22 (AP)—Some influential lawmakers agreed today with the Committee for Economic Development that the federal budget can and should be balanced next year. These congressmen said new taxes are out of the question.  
The CED, a businessmen's research group, also had expressed the belief in a statement yesterday that expenditures could be brought into line with government income without new revenue. But it suggested that if Congress doesn't think so, consideration should be given to a "temporary" federal retail sales tax on everything except food, housing and articles already subject to direct federal excises.  
"There aren't any temporary taxes," Rep. Curtis (R-Neb), a member of the tax-writing Ways and Means Committee, commented.  
"So-called temporary taxes are imposed with the best intentions, but somehow they always become permanent."  
"In addition, the federal government has waited too long to get into the sales tax field, already pre-empted by most of the states," Rep. Martin of Massachusetts, the Republican leader of the House, agreed with Curtis and the CED on the ability of Congress to avoid a Treasury deficit without new levies.

New York, April 22 (AP)—A strike by 6,000 Western Electric Company employees dragged into its 18th day today with negotiators still reported at odds over a single "snag" on wages. More negotiations were scheduled today.  
The walkout, the last major phase in a series of strikes involving the telephone industry, has been considered close to settlement for several days now.  
Involved in the dispute are salesmen, distributors and warehousemen, all members of the CIO Communications Workers of America.

# Gable's Wife Gets Divorce

Santa Monica, Calif., April 22 (AP)—Clark Gable now has the matrimonial freedom his heart desires.  
His fourth wife won a divorce yesterday after testifying that he told her "I don't wish to be married to you any more."  
Under a settlement the former Lady Sylvia Asher gets a sizable chunk of the actor's estimated \$500,000 yearly earnings—10 per cent the first year and 7 per cent for the next four.

# City Officials to Consider Home Rule

North Little Rock, April 22 — The Arkansas Municipal League's Committee on Municipal Finances is to consider home rule for Arkansas cities at a meeting here Friday.  
Mayor Ross Lawton, committee member, said he is heartily in favor of League sponsorship of a home rule amendment to the state constitution.  
He said that citizens should be given the opportunity to govern themselves "without having to go to the state legislature for everything."  
Other city officials expected to attend the meeting are: Mayor Harold Falls of Wynne, Ulys Lovell of Springdale, Govan Burke of Marianna, Emmett Jackson of Hot Springs, C. R. Ray of Texarkana, Paul Byrd of West Memphis, Mayor George Steed of Pine Bluff, Mayor Harney Chaney of Batesville, Mayor Jack Pace of Ft. Smith and John Mosby of Lepanto.

TO VOTE ON UNION  
Paragould, April 22 (AP) Employees of the Ely and Walker shirt factory here will vote May 1 on whether they'll be represented in bargaining negotiations by the AFL United Garment Workers. The election will be conducted by the National Labor Relations Board.

# More Candidates File for Office

Little Rock, April 22 (AP)—Candidates filing corrupt practice pledges here include:  
Roy Milum of Harrison for Ninth district senator, serving Boone, Marion, Newton, Baxter and Searcy counties. Milum, formerly president of the Senate, was a legislator from 1923 to 1954. Sen. Ernest Nicholson, also of Harrison, previously filed for the post.  
Clay Barton, Ft. Smith attorney, for Arkansas attorney general. Barton, who previously announced for the post, is the first candidate to file for the position now held by gubernatorial candidate Ike Murry.  
Edward Gordon, Morrilton attorney, for prosecuting attorney from the Fifth judicial district, serving Yell, Pope, Conway, Johnson and Faulkner counties.

# Army Prisoners Escape Briefly

Monroe, N. Y., April 22 (AP)—Nine prisoners who sawed their way out of the Sampson Air Force Base stockade had scarcely a day of freedom—because of their desire to stick together.  
The nine piled into one stolen car. State police here spotted the overcrowded car yesterday stopped it for a routine check, and nabbed the nine privates.

# L. R. Bank Denies Illegal Practice

Little Rock, April 22 (AP)—A second Little Rock bank has denied that it engaged in illegal practice of law.  
The denial was filed yesterday by the Commercial National Bank in a suit brought by the Bar Association of Arkansas.  
The Bar Association asked Pu-

laski Chancery Court to enjoin the Commercial National and the Union National Banks from what called unauthorized practice of law.  
The use of lignite, a low-grade coal, is increasing in the United States, with about three billion tons new used annually.

## Money Doesn't Grow on Trees, so...

## Make paying dollars go further with CONCRETE

It's your money, Mr. Motorist—your gas taxes, license fees and other taxes—that pays for roads and streets. Portland cement concrete gives you the biggest pavement value for these dollars because:

- Concrete usually costs less to build than other pavements of equal load-carrying capacity.
- Concrete costs less to maintain.
- Concrete renders years of uninterrupted service.
- Concrete reflects the most light, reducing street lighting costs as much as 50 per cent.
- Concrete keeps driving costs low by saving on gas, tires and car repairs.

Thousands of miles of concrete pavement more than 25 years old carry much of the heaviest highway traffic and are still good for years. That's the kind of value you get when your tax dollars buy concrete pavement. So ask your public officials to specify concrete pavement.

### Respect Must Be Earned

Dear Miss Dix: When Jimmie and I started dating a year ago he showed all the common courtesies of a fine young man, such as opening the car door, holding my coat, etc. Still a gentleman to a certain extent, he has forgotten many of these small but important trifles. I feel I am to blame for losing this respect as I have allowed myself to go in for overlong parking in the car, long goodnight kissing and petting. I used to be a girl of high ideas, but seem to have changed considerably. Even though I'm convinced of my wrong doing I still persist in it. Jimmie is 28, I'm 22, and we should both know by now whether we are truly in love or not, but we don't seem to be able to make up our minds.

**Answer:** You are on a sort of moral merry-go-round and don't know how to stop it, or how to get off. Once you begin promiscuous petting there's absolutely no point at which you can say "Here we stop" or "This has gone far enough, let's go back to the point where we were, say, two months ago!" Emotions just aren't that accommodating. They gain momentum with each kiss and, if permitted to go on unbridled, end inevitably in disaster. It is practically always the girl's job to call a halt and, if she delays too long, the heart-break is usually hers to bear alone.

## Dutch Queen Due for Busy Time

Ottawa, April 22 (AP) — Dutch Queen Juliana's unofficial, private visit to Canada began today with a program almost as full as the busiest days of her just concluded state visit to the United States. But after two days of formality, the Queen will travel "incognito" for the rest of her six-day stay in the country that was her World War II home-in-exile.

Plans for a state visit here were canceled after the death of King George VI. Juliana asked that for duties to be kept at a minimum, to give her as much time as possible for visiting wartime friends and making new ones.

She arrived last night by Royal Canadian Air Force plane from Detroit, after a three-week coast-to-coast tour of the U. S. Her husband, Prince Bernhard, left her in New York. He will join her later in the week for their trip home. As she left the U. S. Juliana and her husband sent a telegram of thanks to President and Mrs. Truman. They said they were "deeply moved by all the kindness we received and the magnificent manifestation of the friendship of our country."

SPORTS ROUNDUP

By WILL GHIMSLEY

(For Gayle Talbot)

New York, April 22 (AP)—Casual

readers of the sports pages tend to

regard George Weiss as a modern

Crosby who sits astride a gold

stick in the Yankees' plush Fifth

Avenue offices and buses baseball

pennants as the fang strikes him.

Actually the astute general man-

ager of the team champions is a

Britisher, soft-spoken New England-

er who insinuates when needed, that

the Yankees' phenomenal success

has been bought not by dollars but

by hard work and pin-point organi-

zation.

One of the biggest fallacies in

baseball is that when one of our

players wears out we simply go out

and buy the best replacement possi-

ble. Weiss said yesterday as he re-

laxed in his lofty Yankee Stadium

box.

"Did you know that between 1934

and 1948 we bought only two play-

ers?" Weiss said. San Francisco's \$25,-

000 for Joe DiMaggio and about the

same time we paid \$25,000 for a

pitcher, Roger Arndt, who never

quite developed as we hoped.

"The men we've picked up since

were principally as a defensive

measure. First we got Johnny Mize

from the Giants. The Red Sox

wanted him. We were in a fight

with the Red Sox for the pennant

so we snatched him. We got John-

ny Hopp from the Pirates and John

Sam from the Braves under similar

circumstances.

"But you could hardly call these

killer deals. These men have

helped us, but they are veterans

used only for part-time service."

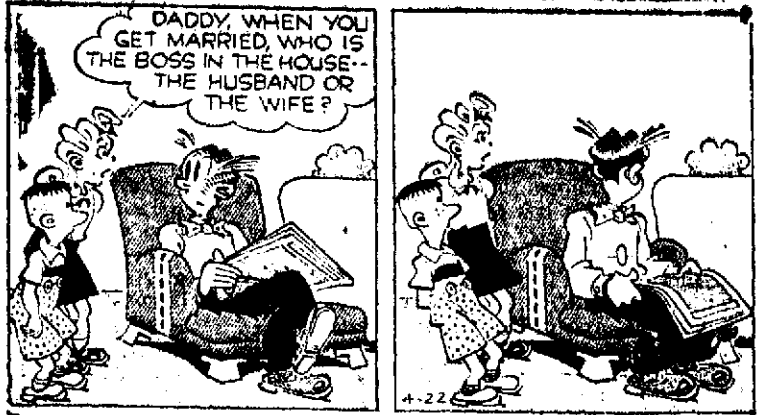

During the rest of the period

we pulled men up from our own

organization. If you tried to analyze

weather made final preparations  
today for their spectacular part in  
Exercise Desert Rock IV.

Scientists and military men  
promised to provide a nuclear test  
guaranteed to furnish thrills for  
more than 300 invited observers  
tomorrow—if murky clouds and  
tricky winds will dissipate.

The maneuvers against "enemy"  
positions behind imaginary hills on  
Yucca Flat will involve an atomic  
bomb drop of more than ordinary  
preparations between 9 and 10  
a. m., Pacific Standard Time.

Nearly 1500 troops—dug into four  
foot deep foxholes about three  
miles from ground zero—will at-  
tack the enemy positions. As the  
troops advance to ground zero (the  
point directly below the bomb  
burst), four C-46 planes will drop  
120 rocketed paratroopers of the  
544th Regiment 2nd Airborne Di-  
vision will behind the enemy lines.

Then the two elements will com-  
bine to wipe out the enemy strong-  
hold.

That's the tactical problem which  
has been set up. But if winds run  
more than 15 miles per hour or  
clouds continue to hang low, the  
paratroopers may stay on the  
ground.

Ahead of the dug-in combat bat-  
talion will be machine gun small  
planes and trucks. They will be in-  
spected before the blast, then re-  
examined afterward to determine  
the effects of the thrust heat and  
radiation of the bomb.

## Pennsylvania Delegates to Stay 'Free'

Philadelphia, April 21 (AP)—Penn-  
sylvania's primary tomorrow may  
leave in doubt until the July Re-  
publican convention the trend of  
this state's powerful 70 vote presi-  
dential nominating delegation.

Gen. Dwight D. Eisenhower's  
name is on the Republican ballot.  
He is opposed by former Gov. Har-  
old E. Stassen of Lincoln. But  
there are indications that an unof-  
ficial write-in campaign is under-  
way for Sen. Robert A. Taft of  
Ohio.

Taft has repudiated any such  
campaign saying that it doesn't  
mean anything so far as the state's  
delegation is concerned.

Sen. James Duff, one of the chief  
Eisenhower backers has limited  
his home state predictions to a  
forecast of a "substantial" vote for  
the five-star general.

And Gov. John S. Fine who  
might have the decision on how the  
majority of the state delegation  
goes at Chicago, hasn't said a fa-  
vorable word for any candidate  
with the possible exception of Gen.  
Douglas MacArthur who claims he  
hasn't running.

Democrats are just as confused  
about their primary, in which  
some 100,000 party members are  
expected to go to the polls. A na-  
tional Republican may vote.

There is no name on the Demo-  
cratic ballot a situation in which  
some Democrats believe Sen. Estes  
Kefauver of Tennessee will be able  
to shine again as a write-in candi-  
date.

However, some sentiment has  
developed here for W. Averell Har-  
rison in the mutual security admini-

## Trimble Takes Trip Over Flooded Areas

Washington, April 21 (AP)—Rep.  
Trimble accompanied President  
Truman on his aerial inspection  
trip of the flood area in the Da-  
kotas, Nebraska and Iowa.

He went as a member of the  
newly named Missouri Basin Com-  
mission.

Trimble brought back this story:  
At a closed conference with the

instructor, Harriman could be hurt  
badly by a poor Pennsylvania  
showing against Kefauver.

At stake in tomorrow's voting  
are 60 Republican and 80 Demo-  
cratic National Convention dele-  
gates to be elected tomorrow.

In the Republican group three  
are inclined towards Taft, two to  
Eisenhower—including Duff—and  
five are uncommitted under Fine's  
leadership. Twenty-six unopposed  
candidates among the 80 district  
delegates to be elected tomorrow  
refused to say how they stand.

This year's one-sided campaign—a  
whoopee for Eisenhower—came  
to a close with a charge by Edwin  
F. Russell state chairman of Cit-  
izens for Eisenhower, that the so-  
called Grundy organization "be-  
lieves it can deliver 200,000 write-  
in votes (for Taft) simply by push-  
ing a button."

He alluded to the organization of  
former U. S. Sen. Joseph R. Grundy,  
which has backed Duff's Eisen-  
hower group. "An overwhelming  
majority is assured but we dare  
not let up for one minute," Russell  
added.

John D. M. Hamilton, Eastern  
manager for Taft predicted a tight  
state-wide vote.

The preferential primary voting  
isn't binding on delegates of either  
party.

## AP Directors Again Seek to Free Oatis

New York, April 21 (AP)—The  
Board of Directors of The Associa-  
ted Press said today it is confident  
the United States government "will  
explore and exploit any opportunity  
to end the unjust confinement" of  
AP reporter William N. Oatis in a  
Czechoslovakian jail.

Oatis was jailed a year ago this  
week April 23—on charges of es-  
cape. He was sentenced last  
July 4 to 10 years imprisonment.

The AP directors said the trial  
showed he was guilty "only of en-  
deavoring honestly and objectively  
to gather and report information  
which in the Western world is legiti-  
mate and essential news."

One effect of retaliatory meas-  
ures invoked by the United States  
against Czech trade the directors  
said has been a substantial de-  
cline in exports from Czechoslov-  
akia. These dropped from nine million  
dollars in the first quarter of 1951  
to slightly more than 2 1/4 million  
dollars in the last three months of  
1951.

The AP directors reviewed the  
Oatis case in their report to the  
annual meeting of members of The  
Associated Press, world-wide news-  
gathering co-operative held in the  
Waldorf Astoria Hotel.

The AP business meeting and  
luncheon ushered in Newspaper  
Week in New York. Gen. Alfred  
M. Gruenther chief of staff to Gen.  
Dwight D. Eisenhower, will speak  
to the AP luncheon.

Meetings of the American News-  
paper Publishers Association will  
be held tomorrow through Thurs-  
day.

In discussing the Oatis case the

governors and Commission mem-  
bers the President outlined efforts  
he had made last year to provide  
relief on his difficulties with  
Congress in the matter.

"But, Mr. President," interposed  
one of the governors "That is  
your job you control Congress."

"The hell you say," rejoined the  
President with a grin.

On the trip, Trimble said, the  
plane flew over the Mississippi  
river "dry land" bridge. This is  
the bridge that Army engineers  
reputedly built away from the  
river with the intention of divert-  
ing the channel to take the river  
under the bridge only to find it  
would cost them five million dol-  
lars to swing the river around.

"Look General," the President  
ribbed Lt. Gen. Lewis Pick, head  
of the Army engineers. "We've  
saved five million dollars—the  
river is flowing under the bridge  
now."

### Greatest Oil Line Construction Seen

Fort Worth, Tex., April 21 (AP)—A  
government official predicted to-  
day 1952 would witness "the great-  
est oil-pipeline construction activi-  
ty in history."

John E. Boice of the Petroleum  
Administration for Defense (PAD)  
said present industry plans call for  
laying about 10,000 miles of pipe-  
line this year—6,500 miles of crude  
oil lines and 3,500 miles for petro-  
leum products.

Boice who is special assistant to  
the director of the PAD's supply  
and transportation division, in an  
address prepared for a conference  
of the American Petroleum Insti-  
tute said that the PAD already has  
approved the projects.

Turkeys, the birds, are so called  
because of a former mistaken be-  
lief they came from Turkey.

AP directors said:  
"The United States government  
appropriately termed the Oatis  
"trial" a mockery and travesty of  
justice. Throughout the free world,  
expressions of shock and revulsion  
against Oatis' treatment have been  
almost universal.

The directors officers and man-  
agement of The Associated Press,  
supported by strong public senti-  
ment everywhere have done every-  
thing within their power to assist  
Oatis and to obtain his freedom.  
"The Associated Press will con-  
tinue its efforts and your directors  
are confident that the government  
of the United States will explore  
and exploit any opportunity to end  
the unjust confinement of our re-  
porter."

The board noted also that Frank  
Nuel AP photographer, is a pris-  
oner of war in Korea and it con-  
tinued at least temporarily, his  
confines at least for The Associa-  
tion of Press while in enemy hands.  
As a prisoner Nuel took pictures  
of other U. N. prisoners. They  
were used widely in the nation's  
press.

when she was hostess to the 1950

### The Southern Pine Garden Club Meets

The newly organized garden club  
under the sponsorship of the Rose  
Garden Club met Thursday after-  
noon in the home of Mrs. D. K.  
Bemis with Mrs. Jack Harrell, co-  
hostess for a business meeting.

The Bemis home was beautifully  
decorated with arrangements of  
iris, pansies and other spring flow-  
ers.

Mrs. D. L. McRae Jr. president,  
presided. It was voted that the club  
to be known as the Southern Pine  
Garden Club and will meet the  
fourth Thursday in each month.

The clubs project will be the  
planting of shrubbery around the  
Memorial monument on the Court  
House Square and will decorate the  
dining room of the H. H. McKen-  
zie home for an Easter luncheon  
for the annual PTA Pilgrimage  
to be held May 9.

The members were invited into  
the dining room where they were  
served from the table overlaid  
with a cut work cloth and centered  
with pansies in an artistic arrange-  
ment. Mrs. Bemis presided at the  
punch bowl. The cake was served  
by Mrs. Harrell.

### Kiwanis Visits Redland District

The Prescott Kiwanis club jour-  
neyed to the home of Pershing Cox  
where the community is building  
a community house, for a barbecue  
pork supper and were more than  
satisfied with the reception from  
the fine group of people from that  
community. They gave the Kiwanis  
a demonstration on what can be  
accomplished with a little determi-  
nation and work. The weaker  
sex decided that they wanted a  
community house and they are  
well along on the construction of  
same. They have the sides up and  
are ready for the roof, they have  
a fine fire place and from all ap-  
pearance it will be a very suitable  
building for the purpose intended.  
These people are to be commended  
on this accomplishment. They are  
a people where true Southern hos-  
pitality reigns supreme.

The program sponsored by the  
Kiwanis Club was ably handled  
by president Jeff Livingston. Mrs.  
Florence Ambrose was presented.

assisted by Mrs. Lera Johnson with  
the accordion, rendered several  
popular songs that were enjoyed  
by all. The audience joined in and  
filled the air with music.

These visits by the Kiwanis club  
to our neighboring towns help our  
people to get better acquainted  
and create a friendship among our  
people that make life more worth  
while. The Kiwanians welcome the  
opportunity of these visits.

### Mrs. J. W. Teeter Elected DAR Regent

The April meeting of the Ben-  
jamin Culp Chapter, Daughters  
of the American Revolution was  
held Thursday afternoon in the  
home of Mrs. C. H. Thompson  
with Miss Frances Thrasher assist-  
ing hostess. Red roses in a silver  
basket graced the mantle and a  
bouquet of mixed spring flowers  
was placed on the piano.

The meeting was opened with the  
singing of the Star Spangled Ban-  
ner followed with the DAR ritual  
and allegiance to the flag and the  
singing of "My Country 'Tis of  
Thee."

Mrs. H. H. McKenzie, regent  
pro-tem, conducted the business at  
which time Mrs. Wallace Penn-  
berton presented the following  
state of officers that was accepted  
by vote: Regent, Mrs. J. W. Teeter  
vice regent, Mrs. C. H. Moore,  
chaplain, Mrs. H. H. McKenzie,  
secretary, Mrs. Allen Gee, treasur-  
er, Mrs. Carl Dainty, registrar,  
Mrs. Wells Hamby, historian, Mrs.  
Edward Bryson, parliamentarian,  
Miss Frances Thrasher.

Mrs. McKenzie presented an in-  
teresting program on "American  
Music, Our National Airs."  
A dainty dessert course was  
served to fifteen members and a  
guest, Mrs. M. W. Blackshire.

Mr. and Mrs. T. C. McRae and  
Mr. and Mrs. J. T. McRae motored  
to Little Rock Thursday for the  
day.

Mrs. Mary Montgomery has been  
the recent guest of Mr. and Mrs.  
Carlton McRae in El Dorado.

Mrs. Wells Hamby was the Thurs-  
day evening guest of Mr. and Mrs.  
Warren Nesbitt in Blevins.
